The Wellness Monitoring Program™

## Make house calls of a different kind.

The Voyce Pro Wellness Monitoring Program™ enables your veterinary team to expand care beyond the exam room, accessing key vital information about your canine patients on a daily basis, from anywhere.

- Track trends and changes in resting heart and respiratory rates, intensity of activity, quality of rest and more
- Remotely manage chronic conditions, post-operative recovery and obesity
- Access objective patient data to support subjective conversations with clients
- Monitor efficacy of treatment
- Provide a new standard of care
